

## Millennium Harvest House Junior Tennis Programs

Modeled after some of the premiere programs in the country, the Harvest House Junior Programs include all ages and levels of dedicated, aspiring tennis players. Through structured, fun practices, organized match play, fitness, and tournament scheduling, the programs offer players the opportunity to work toward, and reach their goals.

### Please Note:

**A non-refundable deposit of \$200 toward our Outdoor Program is required to participate in our Winter Indoor Program. This fee will be applied to the Outdoor Program (Nike Camps excluded). It may also be used for outdoor private lessons.**

Due to the limited court time available for lessons during the Indoor Season, priority for class signups is as follows:

- Harvest House Tennis Members
- Nonmembers who participate in our year-round program (including summer months.)
- Nonmembers who participated in the spring, summer, and fall sessions.

Please have juniors wear tennis shoes, only, to class. No black-soled running shoes are allowed on courts. Thanks for your understanding and compliance.

**Contact our Junior Development Coordinator, Sylvia Henderson, with questions @ 303-998-3851.

	Member	Nonmember
1 Hour	\$65-\$75	\$75-\$85
1/2 Hour	\$36-\$41	\$43-\$48

## High Performance Program

The Millennium Harvest House High Performance Team Program is designed for those players interested in making rapid improvement in their game year-round in a fun, yet intense environment.

Application and try-out / evaluation for the HPTP is by invitation only and requires a one-year commitment upon acceptance into the program.

Players will be grouped into squads based on 5 different levels of commitment, both on and off court.

The HPTP runs in three sessions per year, and is open to a maximum of 20 players during the indoor season and 32 players during the outdoor season.

There is a separate brochure available outlining the details of the High Performance Team Program.

## Challenger Program

The Challenger Program is an opportunity for players of all levels to train.

We provide some of the area's finest training and coaching for all juniors from young beginners to top high school and USTA-Ranked players. Players will be placed into training groups, based on level and relative age.

Though not as time intensive as the HPTP, the Challenger Program will provide an excellent local opportunity for players of all levels to develop their potential. Players from the Challenger Program will be given first priority to apply as spaces open up in HPTP.

<b>Hot Shots</b>	<b>Ages 4 - 7</b>
<b>Future Stars</b>	<b>Ages 8 - 10</b>
<b>Junior Aces</b>	<b>Ages 11-12</b>
<b>Teen Training</b>	<b>Ages 12 - 18</b>

## Why Tennis for your child?

Tennis is not only the best sport to play for a lifetime, but it is also the **best first sport** for children to learn as well.

Tennis will develop the greatest number of skills required by the greatest number of other sports and activities. The skills are: throwing, catching, striking, running and striking, movement rhythm, 3-step movement patterns, aerobic, anaerobic and team building.

Tennis is a great sport that offers so much more than simply playing a game. Tennis gives children the opportunity to be active, develop coordination, flexibility, and confidence, while also keeping their minds busy through critical thinking.

In addition, tennis introduces children to important concepts, such as commitment, work ethic, and competition. All of these attributes, along with the pure fun of playing the game, will create confidence and self-esteem that will ultimately serve your children well beyond the tennis court.

Millennium Harvest House Tennis is an exclusive dealer of Babolat racquets, bags, strings and accessories.

Babolat is one of the largest racquet manufacturers in the world and the racquet of choice for Andy Roddick. Demo racquets are available during our program. Let us help you find the right racquet for your child.
